

Maryvale Private Hospital Updates

Upcoming RACGP endorsed education/training events

RACGP

CPD Approved Activity

Our next RACGP endorsed education event is an interactive session being held online only. We encourage discussion and provide an opportunity to virtually meet the specialist, and ask any questions you may have.

To register for the below opportunity, please complete the form on our website [here](#) or email bdm@maryvaleph.com.au. For further details, please contact our GP Liaison, Rebecca McQuillen 0438 925 660. If you wish to be added to our mailing list for future events, please email bdm@maryvaleph.com.au

Topic: Renal stones diagnosis and treatment options

Presenter: Mr Shekib Shahbaz | Urologist

Details: Tuesday 29th April, 2025 6.30pm - 7.30pm

Online only via MS Teams - please register to receive the link.

This is an interactive education event, attendees are encouraged to provide questions for Mr Shahbaz which will be answered in this session.

Please submit your questions prior to the event by email bdm@maryvaleph.com.au

1 hour CPD Educational Activity

Doctor Highlight

Mr Radha Nair General Surgeon

MBBS, MS, DNB, FAIS, FRCS (Glas), FRACS

Mr Radha Nair is now consulting at Maryvale Private Hospital as well as undertaking regular theatre lists.

Radha studied Medicine in India and subsequently attained surgical fellowship in both India and the United Kingdom. Radha continued to work internationally before accepting the role of Senior Consultant Surgeon at Alice Springs Hospital in Northern Territory in 2012. During this time, he attained his fellowship with Royal Australasian College of Surgeons (RACS).

Mr Nair has a broad spectrum of surgical expertise in breast, thyroid, melanoma/skin cancers, colon/bowel surgery, trauma, laparoscopic surgery, emergency vascular procedures including hernia, gallbladder, varicose veins and all skin lesions including flaps and grafts.

Radha was most recently the Head of Unit of Surgery at CGHS, Sale from March 2019 - February 2025.

Specialties

Breast, thyroid, melanoma/skin cancers, colon/bowel surgery, laparoscopic surgeries, all skin lesions including flaps and grafts, paediatric and adult circumcision, correction of undescended testis, hand surgeries like ganglion removal, carpal tunnel release, dupuytren's contracture release.

To book a consultation with Mr Nair, please contact Maryvale Private Hospital

Infusion Service Highlight

Maryvale Private Hospital offers a rapid access infusion service, a zero wait list solution for infusions. Whether it be an iron infusion or an infusion to treat autoimmune diseases, we offer these at a low cost.

We provide a comfortable environment, with infusions administered and supervised by our skilled and friendly nursing team.

Uninsured patients choosing to self-fund their infusion can visit the self-pay section of our website www.maryvaleph.com.au or contact us for an estimate selfpay@maryvaleph.com.au or (03) 5132 1215.

Patients will require a prescription from their GP and can make an appointment by phoning the Nurse in Charge of our medical ward (03) 5132 1205.

Respiratory and Sleep Medicine

Sleep studies have returned to Maryvale Private Hospital and we have seen a large uptake in this service. A sleep study is a diagnostic test that involves recording multiple systems in the body while the patient sleeps.

This very common test can help diagnose many sleep related conditions, we have a number of Lung and Sleep Physicians to refer your patient.

Dr Tim Cheung

Lung and Sleep Physician

Dr Tim Cheung has experience in the diagnosis and management of a broad range of lung and sleep conditions including asthma, chronic obstructive pulmonary disease (COPD), lung cancer, pulmonary fibrosis, lung nodules, and sleep apnoea. Tim's areas of interest are in the multi-disciplinary care of patients with chronic lung disease.

Dr Daniel Habteslassie

Lung and Sleep Physician

Dr Daniel Habteslassie was initially drawn to medicine because of a desire to help people. He developed an interest in lung and sleep health as he saw the significant impact that respiratory and sleep issues could have on the lives of all people. Daniel is interested in all aspects of respiratory medicine and sleep disorders.

Dr Barton Jennings

*Lung and Sleep Physician
Interventional Pulmonologist*

Dr Barton Jennings is the Director of Lung Cancer and Bronchoscopy at Monash Health and chairs the Lung Cancer Multidisciplinary Team Meeting. Barton has a special interest and expertise in the investigation of lung lesions and the management of patients with lung cancer.

Dr Harshan Jeyakumar

*Lung and Sleep Physician
General Medicine Physician*

Dr Harshan Jeyakumar is a dual-trained Respiratory & Sleep and Acute & General Medicine Physician. Harshan has a special interest in lung cancer diagnosis and staging, pleural disease, sleep disorders and bronchiectasis. He prides himself on educating patients to make informed decisions about their health.

Dr Jeremy Lew

Lung and Sleep Physician

Dr Jeremy Lew understands that conditions such as sleep apnoea, asthma, and other respiratory disorders can be insidious in their onset, yet significantly impact a patient's quality of life if left unaddressed. Jeremy is interested in all aspects of respiratory and sleep medicine.
