Doctor Highlight

Dr Jun Dai Geriatrician

MBBS, MClinEpi, FRACP

Dr Jun Dai is part of our Medical services and completed a Bachelor of Medicine and Surgery at Western Sydney University in 2013. He then completed a Master of Clinical Epidemiology at University of Newcastle in 2017. Jun completed his internship, residency, basic physician training, and advanced training in various teaching hospitals in Sydney.

In 2022, Jun moved to Victoria to take up various leadership roles at Sale Hospital. He expanded geriatric services at Sale Hospital by submitting a business plan for a residential outreach service that was well received by the executive team and resulted in funding for an extra 0.5 FTE Geriatrician position. Jun expanded rehab services at Sale by working with the multidisciplinary team to trial a 'rehab at home' model of care. He grew stroke services at Sale by successfully applying for the BUILDS project to expand there. He also revived the rapid access TIA clinic and facilitated weekly joint sessions with a telehealth stroke neurologist to discuss complex cases. Sale Hospital received the World Stroke Organisation Gold Status Award in 2022.

Jun continues to assist rural and remote communities through outreach clinics and telehealth.
