Doctor Highlight

A/Prof Arif Kozgar General Paediatrician

FRACP, AFRACMA, PGCert Allergy

A/Prof Arif Kozgar is part of our Medical services, he is a general paediatrician with postgraduate training in allergy and a strong commitment to caring for children and their families. He is a Fellow of the Royal Australasian College of Physicians and holds a Postgraduate Certificate in Allergy from Imperial College London. After completing his paediatric training at The Children's Hospital at Westmead in Sydney, Arif moved to regional Victoria in 2018. He has since served as Consultant Paediatrician and Director of Clinical Training at Latrobe Regional Health, while also contributing to medical education and academic leadership as an Adjunct Associate Professor at Monash University and as Clinical Dean at the Monash School of Rural Health, Traralgon.

Arif's commitment to evidence-based care and innovative practices is a driving force evident in his work at LRH.

He has played a pivotal role in developing numerous clinical practice guidelines and establishing innovative practices such as antibiotic allergy challenge testing, oral immunotherapy for hay fever patients, and insulin pump therapy for diabetes patients. He has completed several quality improvement projects, and his contributions to research in the field have been published.

With extensive experience in all paediatric conditions, including neonatology, growth and development, ADHD and autism, paediatric endocrine problems, and specialising in diagnosing and treating a range of allergy conditions including food allergies, anaphylaxis, allergic rhinitis (hay fever), asthma, urticaria and eczema, Arif possesses the comprehensive knowledge and expertise to handle a wide range of paediatric health issues.

Specialties

- Neonatology
- Growth and development
- Diagnosing and treating allergy conditions
- Asthma
- Paediatric endocrine problems
