Doctor Highlight

Dr Chandika Wewelwala Breast and General Surgeon

MBBS, FRACS

Dr Chandika Wewelwala is part of our Surgery and Women's Health services. Dr Wewelwala is a breast and general surgeon who specialises in the treatment of breast cancer and a wide range of acute and elective general surgical conditions. Dr Wewelwala sees conditions such as gallbladder disease, hernia, pilonidal disease and a variety of skin lumps and skin cancers. He utilises minimally invasive (keyhole) procedures when appropriate, such as laparoscopic cholecystectomy and laparoscopic hernia repair.

Completing his accredited surgical training at Monash Health Victoria, Dr Wewelwala obtained the Fellowship of the Royal Australasian College of Surgeons (FRACS) in 2020. Following this, he completed two further years of subspecialised training under BreastSurgANZ, the peak body governing accreditation and training of breast surgeons in Australia and New Zealand.

Achievements

- Completed surgical training at Monash Health Victoria
- Obtained Fellowship of the Royal Australasian College of Surgeons (FRACS) in 2020
- Gastroenterology Society of Australia (GESA) as a certified colonoscopist in 2020.

During his first year of post-fellowship training, he worked at the Auckland City Hospital in New Zealand. This experience gave him excellent exposure to various breast surgeries and helped develop his expertise in extensive general surgical procedures. He also developed skills in managing a variety of skin cancers during this period.

Dr Wewelwala then returned to Monash Health as a breast surgical oncology fellow to complete the accredited training in breast surgery and gained expertise in complex breast surgical procedures.

He can now offer the latest surgical management services for breast cancer and other related diseases.

Dr Wewelwala has public appointments at Monash Health, Warragul Hospital and Wonthaggi Hospital.

Specialties

- Breast surgery
- General surgical conditions such as hernias, gallbladder disease, pilonidal disease, skin lumps and skin cancers
- Utilises minimally invasive procedures where appropriate
