

Maryvale Private Hospital Updates

Achievement of top national accreditation result

We are proud to share that Maryvale Private Hospital has achieved the highest possible outcome in a surprise national accreditation audit, with zero recommendations following a rigorous two-day assessment.

Assessed against the National Safety and Quality Health Service (NSQHS) Standards by the Australian Council on Healthcare Standards (ACHS) under a short-notice review - the most demanding form of hospital accreditation in Australia.

Maryvale was rated as meeting all required standards, with no areas identified for improvement - the gold standard result.

New Doctors

Dr Chris Price
**Lung & Sleep
Physician**

*Consulting and admitting at
Maryvale Private
Ph: (03) 9570 3893
Email info@lungandsleep.com.au*

Dr Chris Price is a lung and sleep specialist who takes great pride in his role as a physician and the ability it affords him to do a community centred job. Breathing and sleep problems are exceptionally common and Chris takes a lot of joy in being able to improve these problems for people. Chris' goal is to provide quality and comprehensive care in a clear and empathetic way to his patients.

Mr Paul Ruljancich
Urologist

*Consulting and operating at
Maryvale Private
Ph: 1300 021 595
Email admin@euurologist.com.au*

Mr Paul Ruljancich is an Australian trained Urologist with a strong commitment to delivering high-quality care in Central Gippsland. Paul accepts referrals for the full spectrum of adult urological conditions, with particular clinical interests in the management of haematuria, kidney stones and prostate cancer. He is available for initial assessments, including urgent referrals. Paul holds local public appointment at Latrobe Regional Health.

Interested in holding admitting rights?

Are you a GP working in the local area and interested in expanding your involvement in hospital based care?

Maryvale Private Hospital is inviting expressions of interest from General Practitioners seeking admitting rights and the opportunity to join our Visiting Medical Officer (VMO) team.

Duties include reviewing medication charts, seeing patients at the request of the Nurse in Charge and other Visiting Medical Officers as required.

This is an opportunity to contribute to high-quality, patient-centred care close to home, while supporting continuity of care within our local community.

For further information or to express your interest, please contact bdm@maryvaleph.com.au.

Maryvale Annual Appeal

Recently, we achieved our latest fundraising milestone, made possible through the remarkable generosity of community donations and bequests. This achievement has enabled the hospital to invest in new equipment to deliver Advanced Life Support (ALS) training internally, led by our dedicated education and training team.

We have already conducted two simulation-based training sessions utilising our new iSim simulation system and mannequin. The sessions brought together members of the Anaesthetic and Operating Room nursing teams in a highly engaging and collaborative learning environment.

The introduction of this advanced, moderate to high fidelity simulation technology has significantly enhanced our ability and capacity to provide realistic, hands-on training that supports both clinical excellence and team cohesion.

As we celebrate this milestone, we extend our sincere thanks to every donor, supporter and family who has contributed to our fundraising efforts.
