Doctor Highlight

Mr Varun Arora Orthopaedic Surgeon

BMedSc (Hons), MBBS (Hons),
FRACS (Ortho), FAOrthA

Mr Varun Arora is part of our Surgery services, an Australian-trained Orthopaedic Surgeon with subspecialist expertise in hip, knee, pelvic and acetabular surgery, and adult and paediatric trauma.

Varun grew up in India and New Zealand before moving to Melbourne to study medicine at the University of Melbourne. He completed specialist Orthopaedic training in Victoria and Tasmania, building a broad foundation in elective surgery and trauma care. He became a Fellow of the Royal Australasian College of Surgeons in Orthopaedic Surgery and a Fellow of the Australian Orthopaedic Association in 2022.

In 2023, he worked as a full-time consultant at Austin Health, managing high-acuity adult and paediatric trauma and undertaking hip and knee replacement and sports knee surgery.

He then undertook advanced subspecialty fellowship training at Melbourne Orthopaedic Group, developing expertise in direct anterior approach hip replacement, complex and revision hip surgery,

Achievements

- Travelled to Addenbrooke's Hospital in Cambridge for a 12-month Pelvic, Acetabular and Revision Hip Replacement Fellowship

robotic-assisted knee replacement, hip preservation and sports knee surgery.

Varun has set up practice in the Berwick, South East Melbourne and Gippsland region. He also has a public appointment at Latrobe Regional Health.

Varun takes an individualised approach to care. He discusses operative and non-operative options with patients and recommends surgery when it is likely to offer meaningful benefit. When surgery is appropriate, he draws on contemporary techniques and careful planning to develop a treatment plan suited to the patient's condition, needs and goals.

Specialties

- Direct anterior hip replacement
- Complex primary and revision hip replacement
- Robotic-assisted knee replacement
- Complex and revision knee replacement
- Sports knee injuries, including ACL and meniscal injuries
- Pelvic and acetabular fracture reconstruction
